**Re: Docket No. 494 – Cellco Partnership d/b/a Verizon Wireless Telecommunications Facility, South of Chestnut Hill Road at the Intersection with Grilley Road and Lyman Road, Wolcott, Connecticut**

**Request for Extension to November 24, 2024**

Dear Attorney Bachman:

On May 24, 2021, the Siting Council approved the construction of the above referenced wireless telecommunications facility in Wolcott, Connecticut (Docket No. 494). Due to changes in budget priorities, construction of Cellco's Wolcott South Facility did not commence on or about March 15, 2023 as previously noted. Construction is now targeted to commence in early 2024. A more precise date is still yet to be determined. Cellco will resubmit its notice at least two weeks prior to the new commencement of construction date as soon as that information is available.

In addition, due to this unforeseen delay in construction, Cellco respectfully requests a second extension of the Council's approval for twelve (12) months, to November 24, 2024, to complete the development of this facility. Thank you in advance for your cooperation.

If you have any questions, please contact me.

Sincerely,

Kenneth C. Baldwin
