We grant these STA Requests conditioned on commitments proposed by Verizon. First, the STAs are conditioned upon Verizon's providing commercial mobile 5G service within the initial 180-day term of the STA. If Verizon does not meet this condition in any of the identified markets, the STA for that market will not be renewed. Second, Verizon must operate subject to the non-interference, non-protected operating conditions associated with STAs. Third, as a technical matter, Verizon's operations pursuant to the STAs must comply with UMFUS technical requirements in Subpart C of Part 30. Fourth, Verizon must use antennas at heights that do not require FAA notification and must otherwise comply with any applicable regulatory requirements.

Waivers/Conditions:

This authorization is conditioned upon the licensee, prior to initiating operations from any base or fixed station, making reasonable efforts to coordinate frequency usage with known co-channel and adjacent channel incumbent federal users operating in the 1710-1755 MHz band whose facilities could be affected by the proposed operations.

Conditions:

Pursuant to §309(h) of the Communications Act of 1934, as amended, 47 U.S.C. §309(h), this license is subject to the following conditions: This license shall not vest in the licensee any right to operate the station nor any right in the use of the frequencies designated in the license beyond the term thereof nor in any other manner than authorized herein.

This license may not authorize operation throughout the entire geographic area or spectrum identified on the hardcopy version. To view the specific geographic area and spectrum authorized by this license, refer to the Spectrum and Market Area information under the Market Tab of the license record in the Universal Licensing System (ULS).
