Re: **DOCKET NO. 495** – Cellco Partnership d/b/a Verizon Wireless application for a Certificate of Environmental Compatibility and Public Need for the construction, maintenance, and operation of a telecommunications facility located 5151 Park Avenue, Fairfield, Connecticut

Dear Attorney Bachman:

This is in response to your October 21, 2020 letter regarding notice requirements associated with the above-referenced Siting Council (“Council”) docket. As you know, on October 26, 2020, I filed a Supplemental Certificate of Service with your office confirming that, pursuant to Section 16-50l of the Connecticut General Statutes, copies of the Docket No. 495 application were also mailed to state and municipal officials representing the Towns of Easton and Trumbull.

I would also like to clarify that copies of the December 23, 2019 Technical Report for the proposed facility were sent to public officials in the Town of Fairfield, the host municipality, and the adjacent municipalities of Bridgeport, Easton and Trumbull pursuant to Section 16-50l(f) of the General Statutes. Each of these adjacent municipalities was provided with technical information on the proposed facility on or about December 23, 2019, more than 90-days prior to the filing of the Docket No. 495 application with the Council. The Council’s municipal consultation requirements have, therefore, been satisfied.
