Dear Distinguished Members of the Connecticut Siting Council and Executive Director Bachman,

Thank you for the opportunity to provide comments regarding Docket No. 495A.

While this development appears to be on the borderline of potentially impacting surrounding airports, including Sikorsky Memorial Airport, the CAA respectfully requests that the proponent complete a Federal Aviation Administration (FAA) 7460 process in an abundance of caution to ensure no impact to aircraft safety. The FAA is in the best position to determine whether or not any mitigation measures are needed to guarantee safe operations in the vicinity of this development.

Please feel free to contact me directly at 860-292-2054 if you have any questions or concerns.

Sincerely,

Kevin A. Dillon, A.A.E.  
Executive Director  
Connecticut Airport Authority
