Melanie Bachman  
Executive Director/Staff Attorney  
Connecticut Siting Council  
10 Franklin Square  
New Britain, CT 06051

**RE: DOCKET NO. 497 – Burlington Solar One, LLC Certificate of Environmental Compatibility and Public Need for the construction, maintenance and operation of a 3.5-megawatt AC solar photovoltaic electric generating facility located at Lot 33, Prospect Street, Burlington, Connecticut and associated electrical interconnection.**

Dear Ms. Bachman:

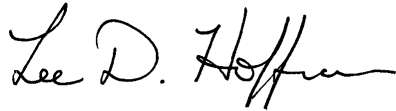

I am writing on behalf of my client, Burlington Solar One, LLC, in connection with the above-referenced Docket, specifically Conditions 4 and 5 of the Council’s Decision and Order in this matter. Pursuant to Condition 4, Burlington Solar One, LLC is providing the Council with a copy of the General Permit for the Discharge of Stormwater and Dewatering Wastewaters from Construction Activities that was issued by the Connecticut Department of Energy and Environmental Protection to Burlington Solar One, LLC on September 9, 2021. This permit was the only remaining state or federal permit the project needed to obtain prior to construction.

The project has now received all permits necessary for construction. Accordingly, the project intends to begin construction as soon as it receives approval of its Development & Management Plan (“D&M Plan”). Should the project’s D&M Plan be placed on the Council’s agenda for the Council meeting scheduled to occur on September 23, 2021, and should the Council approve the project’s D&M Plan at that meeting, this letter will serve as two weeks’ notice that the project intends to start construction on September 27, 2021, in accordance with Condition 5. Should the project not be placed on the agenda for the September 23<sup>rd</sup> meeting, or should the project not receive approval for its D&M Plan at that meeting, this letter will serve as confirmation that project construction will not begin until the Council provides such approval.

If you have any questions or need any additional information regarding these matters, please contact me. Thank you in advance for your cooperation.

Sincerely,

A handwritten signature in black ink that reads "Lee D. Hoffman". The signature is written in a cursive style with a large, looped "L" and "H".

Lee D. Hoffman

Enclosure

## **Bureau of Materials Management and Compliance Assurance**

### **Notice of Permit Authorization**

September, 09 2021

Bryan Fitzgerald  
BURLINGTON SOLAR ONE, LLC  
150 Trumbull Street  
Hartford, CT 06103

Subject: General Permit Registration for the Discharge of Stormwater and Dewatering  
Wastewaters from Construction Activities  
Application NO.: 202103181

Bryan Fitzgerald:

The Department of Energy and Environmental Protection, Water Permitting and Enforcement Division of the Bureau of Materials Management and Compliance Assurance, has completed the review of the Prospect Street Burlington One Solar (located at off Prospect Street, Burlington) registration for the **General Permit for the Discharge of Stormwater and Dewatering Wastewaters from Construction Activities, effective 10/1/13 (general permit)**. The project is compliant with the requirements of the general permit and the discharge(s) associated with this project is (are) authorized to commence as of the date of this letter. Permit No. GSN003677 has been assigned to authorize the stormwater discharge(s) from this project.
