Re: Docket No. 499 – Infra Towers, LLC (Infra) and New Cingular Wireless PCS, LLC d/b/a AT&T
Construction Update Status- Tower Facility at 16 Coote Hill Road, Sherman CT

Dear Presiding Officer Morissette and Members of the Connecticut Siting Council:

Please accept this letter from Infra Towers, LLC regarding the captioned Facility for which the Council issued a Certificate of Environmental Compatibility and Public Need in Docket 499 (the "Certificate").

Condition 7 of the Decision and Order dated August 27, 2021 required the approved facility to be fully constructed and providing wireless services within eighteen (18) months from the date of the mailing of the Council's Findings of Fact, Opinion, and Decision and Order. On December 23, 2023, the CSC granted an extension through February 27, 2024 as Eversource did not have the transformers necessary to provide power to the site.

We are pleased to advise the Council that the aforementioned construction was timely completed, and that Eversource energized the site on May 12, 2023. AT&T has installed its ground equipment and is currently in the process of completing its antenna installation at the site. The Town of Sherman plans to install its equipment promptly following the completion of AT&T's work. Infra will advise the Council in writing once AT&T is on air and operational.

Please do not hesitate to contact me should the Council have any questions regarding the foregoing.

Sincerely,

A handwritten signature in blue ink, appearing to read "Roni D. Jackson", is written over a circular blue stamp. The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Roni D. Jackson
General Counsel
