Subject: Docket 499 Sherman

EXTERNAL EMAIL: This email originated from outside of the organization. Do not click any links or open any attachments unless you trust the sender and know the content is safe.

Good morning,

Please find attached a copy of Homeland's DEEP permit – permit #GSN003790. Kindly note that the attached permit has a clerical error as it references "Pine Hill Road, New Fairfield". The email attached from DEEP confirms that the address shown on the permit is a clerical error and that the attached permit applies to Homeland's approved facility in Sherman.

Please also note that DEEP extended the tree clearing time period to April 15th.

Regards,
Lucia Chiocchio

Dean,

The approval letter is automatically generated by EZFile. I don't have the ability to go in and generate a new approval. However, you can use this email as confirmation that we did receive the correct address (16 Coote Hill, Sherman) and the project is approved to begin construction. In the meantime, I will get an approval letter issued by our Director when I am back in the office the week of April 18.

Yours,
Chris

Christopher Stone, P.E.

Notice of Permit Authorization

April, 07 2022

RAYMOND VERGATI
HOMELAND TOWERS, LLC
9 Harmony St
Danbury, CT 06810-6507

Subject: General Permit Registration for the Discharge of Stormwater and Dewatering Wastewaters from Construction Activities
Application NO.: 202202573

RAYMOND VERGATI:

The Department of Energy and Environmental Protection, Water Permitting and Enforcement Division of the Bureau of Materials Management and Compliance Assurance, has completed the review of the Sherman II (located at Pine Hill Rd, New Fairfield) registration for the **General Permit for the Discharge of Stormwater and Dewatering Wastewaters from Construction Activities, effective 10/1/13 (general permit)**. The project is compliant with the requirements of the general permit and the discharge(s) associated with this project is (are) authorized to commence as of the date of this letter. Permit No. GSN003790 has been assigned to authorize the stormwater discharge(s) from this project.
