Re: Docket No. 499 – Homeland Towers, LLC (Homeland) Certificate of Environmental Compatibility and Public Need for the construction, maintenance and operation of a telecommunications facility to be located at 16 Coote Hill Road, Sherman, CT-**Notice of Compliance with Condition of Decision & Order**

Dear Ms. Bachman:

Please accept this letter from Homeland Towers, LLC regarding the captioned Facility for which the Siting Council issued a Certificate of Environmental Compatibility and Public Need in Docket 499 ("Certificate").

Condition 2(g) of the Decision and Order, dated August 26, 2021 required site clearing to be conducted between November 1 and March 30. Similarly, the Development and Management Plan Decision & Staff Report reiterates the tree clearing restriction of April 1 to October 31. As the Council is aware, and has already acknowledged in a letter dated April 11, 2022, DEEP extended the time period in which to clear trees to April 15, 2022.

At this time, we wish to advise the Council that all trees planned to be cut at the site, were cut on April 12, 2022 in full compliance with the time extension issued by DEEP.

Please do not hesitate to contact Ray Vergati at 203-297-6345 should you, the Council members or staff have any questions regarding the foregoing. Thank you for your consideration of this request.

Sincerely,

Manuel Vicente
President
