**RE: DOCKET NO. 242** - AT&T Wireless PCS, LLC d/b/a AT&T Wireless Certificate of Environmental Compatibility and Public Need for the construction, maintenance and operation of a wireless telecommunications facility located at 122 Route 6 (Andover Sportsmen Club), Andover, Connecticut. **Motion to Reopen and Modify.**

**EM-AT&T-001-210617** - AT&T notice of intent to modify an existing telecommunications facility located at 122 Jonathan Trumbull Highway (Route 6), Andover, Connecticut.

Dear Ms. Zsamba:

The Connecticut Siting Council (Council) received the Motion to Reopen and Modify the Council's Decision and Order in Docket No. 242 and the above referenced request for exempt modification on June 17, 2021.

According to Section 16-50l-1a of the Regulations of Connecticut State Agencies (RCSA), "no certificate of environmental compatibility and public need shall be granted to any person until a complete application containing all information deemed relevant by the Council has been filed."

According to RCSA Section 16-50j-71, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this Motion to Reopen and Modify for completeness and has identified a deficiency. There are no attachments included with the filing as referenced in the text of the cover letter. The Motion to Reopen and Modify refers to Exhibits A through E as attachments to the filing, none of which are provided. Additionally, the paragraph entitled "Background" refers to a site at 85 Quaker Farms Road in Oxford.

Additionally, staff has identified a deficiency in the exempt modification request due to lack of notice. The Council issued a memorandum on June 22, 2017 to entities requesting exempt modifications requiring a copy of the entire notice and attachments be physically mailed to the chief elected official of the host municipality and the underlying property owner and proof of such mailing shall be submitted to the Council with the request for exempt modification. See attached.

The above referenced request for exempt modification lacks proof that the entire request for exempt modification was physically mailed to the Chief Elected Official of the municipality and the underlying property owner.

Therefore, the Motion to Reopen and Modify and the associated request for exempt modification are incomplete at this time. The Council recommends that the Crown Castle provide a new Motion to Reopen and Modify with the correct background description of the subject facility and all attachments, and provide proof of notice of the associated request for exempt modification to the Chief Elected Official of the municipality and the underlying property owner.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe for Crown Castle's request for exempt modification EM-AT&T-001-210617 in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

*s/Melanie A. Bachman*

### MEMORANDUM

To: Telecommunications Carriers and their Representatives

From: Melanie Bachman, Executive Director *MAB*

Re: Exempt Modification/Tower Share Filing Notification

Date: June 22, 2017

---

Pursuant to Regulations of Connecticut State Agencies § 16-50j-73 and §16-50j-88, the April 2013 *Filing Guide for Modification of Existing Telecommunications Facilities*, and the August 2013 *Tower Share Filing Guide*, notice in writing shall be provided to “the Council, the property owner of record... and the chief elected official” of the intent to modify or share an existing telecommunications facility” (see Attachments).

Effective immediately, **a copy of the notice and the attachments**, including, but not limited to, engineering drawings, structural analysis (the structural analysis report without tower data and calculation appendices is sufficient) and power density calculation of the request for an exempt modification or tower share shall be physically mailed to the chief elected official of the host municipality and underlying property owner where the existing telecommunications facility is located and proof of mailing shall be submitted to the Council with the request. Proof of mailing requires an acknowledgment from the carrier (United States Postal Service or private carrier such as UPS/FedEx) that a parcel was delivered to the recipient. **E-mail service is unacceptable.**

Thank you in advance for your cooperation.

Good afternoon.

I received a call from Robin Edwards, Corporation Counsel for the City of Danbury. She was concerned about how notice of this request was provided to the City and indicated that it appeared the request was submitted through their "311 service?" From their website, this appears to be a City Service Request Form. I snipped the link to it below for your convenience. The cover letter indicates that a copy was sent to the Mayor and the Director of Planning. Could someone please confirm that a copy of the letter was actually sent rather than submitted to the "311 service" when you have a chance?

Thanks.
