Re: Docket No. 190B—Meriden Gas Turbines, LLC Certificate of Environmental Compatibility and Public Need for a 530 MW Combined Cycle Generating Plant in Meriden, Connecticut. Reopening of this Docket Pursuant to Connecticut General Statutes § 4-181a(b) Limited to Council Consideration of Changed Conditions and a Decommissioning Plan – *Request for Extension of Briefing Schedule*

Dear Chairman Stein:

The City of Meriden (the “City”) and Meriden Gas Turbines, LLC (“MGT”) are engaged in settlement discussions that could potentially resolve the issues that are currently before the Siting Council in this proceeding.

In order to allow these discussions to proceed, we request that the Siting Council extend the deadline for filing briefs and proposed findings of fact from August 16, 2013, to August 30, 2013. The parties will have a better understanding by August 30th of whether or not a settlement is feasible.

We have discussed this request for an extension of time with Attorney Lord, MGT’s counsel, and MGT joins the City in this extension request.

Very truly yours,

BROWN RUDNICK LLP

Philip M. Small
Counsel for the City of Meriden
