CONNECTICUT  
SITING COUNCIL

ORIGINAL

Subject: **DOCKET 192B** – Towantic Energy, LLC Motion to Reopen and Modify the June 23, 1999 Certificate of Environmental Compatibility and Public Need based on changed conditions pursuant to Connecticut General Statutes §4-181 a(b) for the construction, maintenance and operation of a 785 MW dual-fuel combined cycle electric generating facility located north of the Prokop Road and Towantic Hill Road intersection in the Town of Oxford, Connecticut.

Dear Ms. Bachman:

The Pomperaug River Watershed Coalition ("PRWC"), a Party to the Docket 192 proceeding, has no objections to Connecticut Siting Council granting the motion to reopen and modify the subject certificate. Should the Council grant the motion, please be advised that PRWC wishes to continue its Party status in the new proceeding for Docket 192B. Please advise us if additional information is required in order for the Council to approve our continuance as a Party to the Docket 192B proceeding.

In addition, please note that PRWC requests that the Council amend its designated contact for PRWC to Leendert T. DeJong in his position as Executive Director.

Thank you for the opportunity to submit these comments and for your attention to the above items.

Sincerely,

A handwritten signature in black ink, appearing to read "L. DeJong", with a horizontal line extending to the right.

Leendert T. DeJong  
Executive Director
