and Homeland Security

FROM: Melanie Bachman, Executive Director *MAB*

RE: **DOCKET 192B** - CPV Towantic, LLC Certificate of Environmental Compatibility and Public Need for the construction, maintenance and operation of a 785 MW dual-fuel combined cycle electric generating facility located north of the Prokop Road and Towantic Hill Road intersection in the Town of Oxford, Connecticut.

Connecticut General Statutes § 16-50jj states, "At least once during the period of construction of an electric generating facility in this state, the Connecticut Siting Council, the Departments of Administrative Services, Emergency Services and Public Protection and Consumer Protection and the Labor Department shall conduct a meeting to discuss and develop proposed resolutions for any known or potential safety issue at such facility. The council and said departments shall submit any such proposed resolutions to the special inspector provided for such facility, as required pursuant to section 16-50ii."

The above-referenced certificated facility is currently under construction and has submitted to the Connecticut Siting Council (Council) their fuel pipeline/system cleaning operation notification and procedures, dated October 17, 2017. The Council has reviewed the procedures, as well as the Development and Management Plan documents associated with this facility, and has not identified any known or potential safety issues which would necessitate a meeting pursuant to C.G.S. §16-50jj. The Council, however, will hold such meeting if there is an interest.

Please respond in writing by November 30, 2017 if you are interested in holding a safety meeting relative to construction of the above-referenced electric generating facility. Please include in your letter the nature of your safety concern.

You may access the application and other documents for this facility, on our website at www.ct.gov/csc under the link "Decisions." <http://www.ct.gov/csc/cwp/view.asp?a=962&Q=523200&PM=1>

Please contact me if you have any questions regarding this matter. Thank you.
