Re: Kleen Energy Systems, LLC Application for a Certificate of Environmental Compatibility and Public Need for an Electric Generating Facility on River Road, Middletown, Connecticut Docket No. 225C

Dear Ms. Roberts:

Kleen Energy Systems, LLC (“Kleen Energy”) is in receipt of the Town of Portland’s Post Hearing Brief in connection with Kleen Energy’s request for an Extension of its Certificate in the above-referenced Docket. The Town of Portland’s Brief cites a June 6, 2007 Opinion of the Connecticut Attorney General that relates to the regulation of public utilities on public rights-of-way as the basis for much of its requested relief. Kleen Energy is not a public utility, nor do the events of February 7, 2010 relate to any easements on public rights-of-way. As such, the Opinion has no bearing on the issues currently before the Council, and should be disregarded.

Kleen Energy therefore submits this letter as a formal request to the Siting Council for the Siting Council to permit Kleen Energy to file a Reply Brief in this matter. Kleen Energy recognizes that the Council’s rules prohibit it from filing a Reply Brief absent the Council’s permission.

If you have any questions concerning this submittal, please contact the undersigned at your convenience. Please return a date-stamped copy of this filing in the enclosed envelope. Thank you in advance for your assistance.

Respectfully submitted
KLEEN ENERGY SYSTEMS, LLC
