Subject: Ambulance Communication Tower near Exit 89 MCF Groton

Have you had a chance to visit the site yet ?

Thank you for taking the time today to share your thoughts about siting the tower. Please contact me after the holidays to schedule another meeting after you complete your research. I have attached a copy of the NEPA report for your reference. Please let me know what additional information you need.

I will postpone filing with the CSC until after our next meeting in January.
