New Britain, CT 06051

RE: Docket #346 Implementation of Section 8 of Public Act 07-242, An Act Concerning Electricity and Energy Efficiency

Dear Chairman Caruso:

Joel Gordes (DBA Environmental Energy Solutions or EES) request authorization to file the attached addendum to the second round of interrogatories directed to CMEEC which had requested additional time to complete the initial round of responses. Upon a specific request by CMEEC Attorney Kipnis, EES made no objection recognizing the more limited resources of that organization.

EES also notes that, despite CMEEC being largely in agreement with the Investor Owned Utilities as to the need for and/or appropriateness of the Best Management Practices issued by the Connecticut Siting Council, overall their measured responses are more thoughtful and constructive than the responses from other sources. Due to the nature of some interrogatories, it was anticipated requests for protective orders or reluctance to provide answers would be cited and EES respects this.

For these reasons, EES resubmits some of the previous interrogatories in newly framed language as an addendum to the previously-submitted interrogatories.

Sincerely,

Joel N. Gordes, President
Environmental Energy Solutions
