Daniel F. Caruso, Chairman
Connecticut Siting Council
10 Franklin Square
New Britain, CT 06051

RE: Docket No. 348- Sprint Nextel Corporation and The Connecticut Light and Power Company's application for a Certificate of Environmental Compatibility and Public Need for the construction, maintenance and operation of a telecommunications facility located off Cove Road, Haddam, Connecticut

Dear Chairman Caruso:

We are writing on behalf of the applicants in the above-referenced docket to request a postponement of the public hearing scheduled for today. We are requesting this postponement because certain information required by the Council which the applicants intended to present at the hearing is not yet available. We expect this information will be available within the next thirty (30) days, and once we have received this information we will ask the Council to reschedule the public hearing.

We apologize for the inconvenience of the late notice, and the applicants will assume all costs associated with the rescheduling and renote of the public hearing.

The applicants also hereby grant a three month extension of the time for the Siting Council to render a decision in the above-referenced docket.

If you have any questions, please feel free to contact me. Thank you for your time and consideration in this matter.

Very truly yours,

BROWN RUDNICK BERLACK ISRAELS LLP
