Technical Report dated October 4, 2007, prepared by Cellco. This information includes a description of the proposed wireless facility, the need for such facility and the description of

other sites considered, but found to be unacceptable. Copies of the technical information were submitted to the Council as a Bulk File Exhibit on December 7, 2007.

2. Following the submission of the Technical Report, Cellco's representatives spoke with Town Attorney D. Cellco has not been asked to meet with any municipal officials, boards or commissions.
