**Re: Proposed Development of a Telecommunications Facility
58 Montano Road or 497A Wickham Road, Glastonbury, Connecticut**

Dear Town Manager Johnson:

Enclosed please find two (2) copies of the technical report in compliance with Connecticut General Statutes Section 16-501(e) and in anticipation of filing an application for a Certificate of Environmental Compatibility and Public Need for the construction, maintenance and operation of a telecommunications facility at one of two alternative locations, referenced above. The technical report includes information regarding the public need for the facility, the site selection process, and the environmental effects of the facility at either alternative location.

The municipality may conduct public hearings and meetings as it deems necessary to provide recommendations or comments to Optasite Towers LLC concerning this proposal. If a hearing or meeting is scheduled, we request notice and will be pleased to provide an informational summary of the proposal. If the Town has any recommendations or comments, it must provide them to us within sixty (60) days of the receipt of this filing.

We would like to meet with you (or your designee) to review the proposed project and will contact you next week to set up an appointment at your convenience.

If you have any questions, please do not hesitate to contact me directly.

Very truly yours,

Carrie L. Larson

Glastonbury, CT 06033

**Re: Proposed Development of a Telecommunications Facility
JB Williams Park, Neipsic Road, Glastonbury Connecticut**

Dear Mr. Johnston;

On November 1, 2007 we discussed several potential town owned properties that the Town of Glastonbury might be interested in locating a wireless telecommunications facility.

During this conversation you advised me that within the next week or two a list of these town sites should be available. After making numerous phone calls and visits to your office to date I have yet to receive this list or even a return phone call from you or anyone from your staff.

Although we were looking forward to working with the Town of Glastonbury, unfortunately we can not wait any longer. If we do not hear back from you (and/or receive the list you spoke of) by February 4, 2008 we will be forced to proceed with our current sites as proposed in the Technical Review Report submitted to the Town of Glastonbury and we will file an application with the Connecticut Siting Council for a wireless telecommunications facility on those site(s).

Thank you,

Chuck Regulbuto
Project Manager
Optasite Towers, LLC
