CONNECTICUT  
SITING COUNCIL

Before The Connecticut Siting Council  
Docket No. 360

In Re Application of Cellco Partnership, Etc. for a Certificate of Environmental  
Compatibility and Public Need

**Intervenor's Objections to Items on Council's Proposed Administrative Notice List**

Pursuant to Chairman Caruso's directive of July 25, 2008, Intervenor Jaeger objects to the following items on the Administrative Notice List for Docket No. 360 on the grounds that they are obsolete and irrelevant to the present proceedings and the Council's public responsibility:

1. OET Bulletin No. 56
2. OET Bulletin No. 65
3. IEEE Standard for Safety Levels
4. Guidelines for Evaluating Environmental Effects of Radiofrequency Radiation

The foregoing documents fail to acknowledge or take into account recent studies on the non-thermal biological effects of RF radiation emissions and therefore are incomplete and inaccurate and of no relevancy or materiality to the issues in Docket 360.

Respectfully submitted,

---
