"Town Owned Property"

Dear Ms. Vezzetti:

We are writing to you on behalf of our client, Crown Castle Inc. ("Crown") with respect to the above referenced matter and our client's intent to file an application with the Connecticut Siting Council for approval of a proposed wireless communications tower facility (the "Facility") within the Town of Madison. State law requires that owners of record of property that abuts a parcel on which the proposed facility may be located must be sent notice of the intent to file the application.

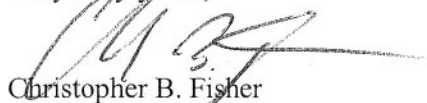

The site being considered for the proposed telecommunications Facility is located at 258 Ridge Road owned by the Town of Madison and is currently used by the Town for the collection of recycling materials, composting and other debris (also known as the Town Bulky Waste Facility). The proposed Facility will be located along the western side of the parcel at the end of Ridge Road and will consist of a 150-foot self-supporting monopole tower and a 90' x 90' fenced equipment compound designed to accommodate unmanned equipment either in single-story equipment buildings or on concrete pads.

Vehicular access to the site will extend from Ridge Road, along an existing drive as well as a new gravel access drive to the proposed Facility. Underground utility connections would extend along the access drive from Ridge Road.

The location, height and other features of the proposed Facility are subject to review and potential change by the Connecticut Siting Council under the provisions of Connecticut General Statutes §16-50g et seq.

If you have any questions concerning this application, please do not hesitate to contact the Connecticut Siting Council or the undersigned on or after May 30<sup>th</sup>, the date on which the application is expected to be on file.

Very truly yours,

  
Christopher B. Fisher
