Good afternoon,

Crown Castle received notice that the Town of Clinton antenna equipment will be removed from Crown Castle's cell tower in the Town of Madison site address 258 Ridge Road Madison, CT in the near future.

I don't see that we have any type CSC approval for the Town of Clinton in our data base and only the attached building permit is what I could find.

I have two questions:

Also, I don't see any proposals on the CSC website, however, we were told the Town of Madison will construct a new tower for the Town of Clinton antenna equipment? Wanted to ask if the CSC has been notified of a new tower proposal?

Second, we expect the Town of Clinton antenna equipment to be removed in the next 10-12 months, does the Council need anything from Crown for this decommissioning of equipment?

Thanks,
