RE: **DOCKET NO. 370** - The Connecticut Light and Power Company application for Certificates of Environmental Compatibility and Public Need for (1) The Greater Springfield Reliability Project consisting of a new 345-kV electric transmission line and associated facilities from the North Bloomfield Substation in Bloomfield to the Connecticut/Massachusetts border, together with associated improvements to the North Bloomfield Substation, and potentially including portions of a new 345-kV electric transmission line between Ludlow and Agawam, Massachusetts that would be located in the Towns of Suffield and Enfield, Connecticut; and (2) the Manchester Substation to Meekville Junction Circuit Separation Project in Manchester, Connecticut.

Dear Ms Nappier:

Pursuant to Connecticut General Statutes § 16-50(bb), please be advised that the Connecticut Siting Council (Council) is in receipt of the sum of \$25,000 as payment to the Municipal Participation Account in connection with the above-referenced proceeding. This payment was received on October 20, 2008, and deposited into your department account (OTT14420) in fund 12060 – “Other Restricted Revenue”.

Section (b) of the Statutes states, in part, that “[p]ayments from the account shall be made upon authorization by the State Treasurer...” and provides guidance in the event an application involves more than one municipality. To that end, please note that this portion of the above-referenced proceeding required notice be sent to one municipality - Manchester. This municipality may apply for any or all of the Fund amount designated for this project. Proof of said expenditures will be required by the Office of the State Treasurer.

Thank you for your attention to this matter. If I may be of further service to you in this or any other matter, I hope you will not hesitate to call upon me.

Very truly yours,

S. Derek Phelps
