Re: Docket No. 370 - Application of The Connecticut Light & Power Company for the Connecticut Valley Electric Transmission Reliability Projects; NRG Energy, Inc. Application for a Combined Cycle Generating Plant in Meriden, Connecticut

Dear Mr. Phelps,

Please accept this letter as the Connecticut Energy Advisory Board's ("CEAB") request for an extension of time to submit the remainder of its responses to the Interrogatories and Data Requests addressed to the CEAB by The Connecticut Light and Power Company ("CL&P"). On June 29, 2009, CEAB submitted Responses to CL&P's Interrogatories 1-17, 19-26, 28, and 30-36. The responses to questions 18, 27, and 29, however, require an extensive set of attachments. CEAB intends to file these documents no later than Thursday, July 9, 2009. CEAB apologizes for any inconvenience this may cause.

Respectfully submitted,

CONNECTICUT ENERGY ADVISORY
BOARD
