RE: **DOCKET NO. 370A_MR** - The Connecticut Light & Power Company Certificate of Environmental Compatibility and Public Need for the Manchester Substation to Meekville Junction Circuit Separation Project in Manchester, Connecticut. **Request to temporarily change hours of construction.**

Dear Mr. Carberry:

In response to your email of March 8, 2012, requesting the approval to work between 7:00 a.m. and 9:00 p.m. on Saturday, March 10, 2012 and Sunday, March 11, 2012 at Manchester Substation, please be advised that by this writing Connecticut Siting Council (Council) staff hereby approves the proposed temporary extension of work hours. CL&P has asserted that this construction is necessary to coordinate with a scheduled outage of a 345-kV bus section. This approval is contingent upon a response of no objection from the Town of Manchester.

Any changes to the D&M Plan require advance Council notification and approval. Please be advised that deviations from this plan are enforceable under the provisions of the Connecticut General Statutes § 16-50u.

Thank you for your attention and cooperation.

Very truly yours,
