RE: **DOCKET NO. 370** - The Connecticut Light and Power Company Certificate of Environmental Compatibility and Public Need for the Connecticut portion of the Greater Springfield Reliability Project that traverses the municipalities of Bloomfield, East Granby and Suffield, Connecticut. **Request to shift a lightning mast at North Bloomfield Substation.**

Dear Mr. Carberry:

In response to your email of March 1, 2013 requesting approval to shift the location of one 110-foot tall lightning mast by approximately 20 feet to the south, Council staff approves this request. CL&P asserts that this shift is necessary to avoid a foundation excavation too close to an underground duct bank with in-service control cables.

Any changes to the D&M Plan require advance Council notification and approval. Please be advised that deviations from this plan are enforceable under the provisions of the Connecticut General Statutes § 16-50u.

Thank you for your attention and cooperation.

Very truly yours,

  
Linda Roberts  
Executive Director
