Re: Docket No. 370A: CL&P Application for the Greater Springfield Reliability Project and the Manchester to Meekville Jct. Circuit Separation Project

Docket No. 370B: NRG Energy, Inc. Application Pursuant to C. G.S. § 16-50l(a)(3) for Consideration for a 530 MW Combined Cycle Generation Plant in Meriden, CT.

Dear Mr. Phelps,

I have received a copy of a letter from Attorney McGrath dated October 1, 2009, on behalf of Citizens Against Overhead Powerline Construction, asking for permission to submit late-filed Interrogatories and Testimony. The letter does not identify the subject matter of the proposed Interrogatories, the parties or intervenors to whom they would be directed, explain why they could not have been submitted earlier, or why it would be in the interests of a fair and efficient proceeding to consider them now, after CAOPLC has already conducted a length cross examination. Further, the letter does not identify the subject matter of the proposed testimony or why it was not submitted earlier. (It may be that the proposal is to submit the same pre-filed testimony that was tendered in connection with the joint Connecticut / Massachusetts hearing, but if so, this is not stated.) Accordingly, CL&P at this point can only make a general objection, based on the lateness of the request and the complete lack of supporting argument or documentation. If CAOPLC will make a supplemental response specifically identifying what it proposes to file, CL&P will be able to, and will, respond by identifying the specific proposed interrogatories and/or testimony, if any, to which it objects.

Very truly yours,

Anthony M. Fitzgerald
