Re: Dockets No. 370A and 370B, Application of The Connecticut Light & Power Company for the Greater Springfield Reliability Project and for the Manchester to Meekville Junction Circuit Separation Project ("GSRP/MMP") and NRG, Inc. Application for 530 MW Generating Plant in Meriden

Dear Mr. Phelps:

On behalf of ISO New England Inc. (the "ISO"), we wish to state that the ISO has no objection to the December 15, 2009 Motion of the Office of Consumer Counsel for Extension of Time to File Briefs and Proposed Findings of Facts, provided that such extension does not postpone the Siting Council's deadline for issuance of its Decision in the above Dockets.

Sincerely,

Anthony M. Macleod
