RE: Docket 370

Dear Chairman Caruso:

The Connecticut Energy Advisory Board (CEAB) acknowledges receipt of the Office of Consumer Counsel's First Set of Interrogatories associated with the Connecticut Siting Council (CSC) Docket 370 in which questions OCC-19 and OCC-20 are directed to the CEAB.

Because of budgetary restraints imposed upon CEAB by the State through the Office of Policy and Management, the Board is unable to respond unless or until it is authorized to contract for support from the consultants who assisted the Board in preparing the report submitted to the CSC on the results of CEAB's reactive Request for Proposal associated with the Connecticut Light and Power Company Application for Certificates of Environmental Compatibility and Public Need for the Connecticut Valley Electric Transmission Reliability Projects.

Please contact me with any questions related to this matter.

Respectfully Submitted,

Michael E. Cassella
Chairman
Connecticut Energy Advisory Board
