White Plains, New York 10601

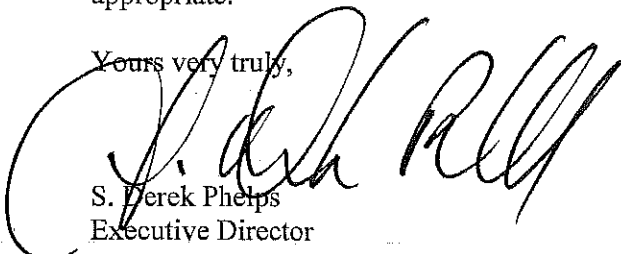

RE: **DOCKET NO. 373** - New Cingular Wireless PCS, LLC (AT&T) application for a Certificate of Environmental Compatibility and Public Need for the construction, maintenance and operation of a telecommunications facility located at the St. Matthew Lutheran Church, 224 Lovely Street, Avon, Connecticut.

Dear Attorney Fisher:

The Connecticut Siting Council (Council) requests your responses to the enclosed questions no later than February 27, 2009. To help expedite the Council's review, please file individual responses as soon as they are available.

Please forward an original and 20 copies to this office. In accordance with the State Solid Waste Management Plan, the Council is requesting that all filings be submitted on recyclable paper, primarily regular weight white office paper. Please avoid using heavy stock paper, colored paper, and metal or plastic binders and separators. Fewer copies of bulk material may be provided as appropriate.

Yours very truly,

S. Derek Phelps  
Executive Director

**Docket 373: New Cingular Wireless PCS LLC  
Avon, Connecticut  
Pre-Hearing Interrogatories, Set One**

1. Did AT&T receive return receipts for all adjacent landowners listed in Application Attachment 9? If not, list the landowners who have not received notice and describe any additional effort to serve notice.
2. Who is the owner of Lot 1870138, Map 11? (two different owners listed in application).
3. Who was contacted in regards to use of the Brighenti properties at 99 Lovely Street?
4. Were a radio frequency analysis and/or a visibility analysis conducted at the Briarcliff Lake Swim Club property? If so, please submit. Was the property owner contacted and amenable to the potential installation of a telecommunications facility at property?
5. What were the conditions that precluded use of the Vibert parcel at 335 Lovely Street? What were the Town's objections regarding this property? Was the property owner contacted and amenable to the potential installation of a telecommunications facility at property?
6. Please resubmit the site search information on a topographic map that includes all of the sites investigated. Denote the sites in numeric order as presented in the site search summary (1 through 9).
7. What is the distance and direction to the nearest landowner from the tower site? Identify the property owner.
8. What is the distance and direction to the nearest residential dwelling from the tower site? Identify the property owner.
9. How many residences are within 1,000 feet of the tower site?
10. Would blasting be required to develop the site?
11. Resubmit the coverage plots provided in Application Exhibit 1, at a scale of 1:40,000. Depict and label major roads on the plot. What is the transmit frequency of the coverage plots?
12. Provide a multi-signal level propagation plots, at a scale of 1:40,000, depicting coverage from existing sites and the proposed site at tower heights of 87 feet and 77 feet. Depict and label major roads on the plots.
13. Explain what the maps in Application Exhibit 4, Attachment A & D depict. How does the information on the maps compare with the visibility analysis conducted in the field? Provide the photo locations on a topographic map A without the yellow overlay.
14. Provide the affidavit of publication for Notice pursuant to CGS Section 16-50/(b).
15. Provide a copy of the lease agreement between AT&T and the lessor.
