Re: **Docket No. 374 - Application of Cellco Partnership d/b/a Verizon Wireless for a Certificate of Environmental Compatibility and Public Need for the Construction, Maintenance and Operation of a Wireless Telecommunications Facility at 199 Town Farm Road, Farmington, Connecticut**

Dear Mr. Phelps:

Cellco Partnership d/b/a Verizon Wireless ("Cellco") hereby objects to Susan Edelson's May 16, 2009 request for additional evidence in connection with the above-referenced proceeding as untimely and unnecessary.

First and foremost, the evidentiary record in this proceeding is closed. The evidentiary hearing in this matter was held on May 14, 2009 and the record was closed at the conclusion of the hearing that evening. As a consequence, Ms. Edelson's request for additional information is untimely.

Moreover, as Ms. Edelson points out in her request, Cellco already offered "sworn testimony" regarding the requested information (i.e., dropped call rates in the area) and no contrary evidence was submitted to challenge that testimony. Accordingly, there is no need for the documentary evidence that Ms. Edelson seeks. Therefore, Cellco requests that the Connecticut Siting Council deny Ms. Edelson's May 16, 2009 request for additional evidence.
