Re: Woodbury #2484 Telecommunications Facility

After further review of the FCC Form 620 for Woodbury #2482, we would like to clarify that the boundaries of the Hotchkiss Historic District are located 0.12 miles away from the subject site along Paper Mill Road. Upon further review and re-measuring, we found that the closest structure within the historic district is located 0.18 miles away from the subject site. Please notify us of any further concerns.
