Re: Section 106 review for the proposed AT&T Mobility "Woodbury #2484
Telecommunications Facility" – 85 Paper Mill Road, Woodbury, CT

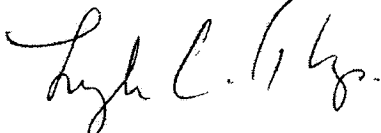

Ms. Chandler:

At the request of AT&T Mobility, The Ottery Group, Inc. is hereby initiating consultation with your office prior to the construction of a telecommunications facility in Woodbury, CT. As a licensee of the Federal Communications Commission (FCC), AT&T is required to consider the effects of the proposed undertaking on historic properties under FCC requirements (47 CFR 1.1307) and Section 106 of the National Historic Preservation Act (36 CFR 800) as implemented by the Programmatic Agreements governing project review for telecommunications projects.

The following attachment regarding the proposed undertaking is provided in order to initiate consultation pursuant to 36 CFR 800.3. The report includes an identification of historic properties that are listed in or have been determined eligible for the National Register of Historic Places (NRHP) and an assessment of the effects of the planned undertaking.

I look forward to your comments regarding the effects of the proposed undertaking. If you have any questions or require more information please feel free to contact me by phone or email (lyle.torp@otterygroup.com). I appreciate your assistance with this project.

Sincerely,
THE OTTERY GROUP, INC.

Lyle C. Torp
Managing Director

Hi Stacy -

Given the proximity to the Hotchkissville National Register district, we are going to need a view-shed analysis and photosims from various points within the district to evaluate the visual impact.

Do you need a letter, or will this email suffice?

Thanks, Susan

Re: Viewshed Analysis / Photo-Simulations for the "Woodbury #2484 Telecommunications Facility"

Ms. Chandler:

Per your request to Stacy Patterson, I have attached a copy of the Visual Analysis Report prepared by CHA for the Woodbury #2484 Telecommunications Facility.

If you have any questions or require more information please feel free to contact me by phone or email (lyle.torp@otterygroup.com). I appreciate your assistance with this project.

Sincerely,
THE OTTERY GROUP, INC.

Subject: Proposed Telecommunications Facility
85 Paper Mill Road
Woodbury, Connecticut
Verizon Wireless

Dear Mr. Torp:

The State Historic Preservation Office is in receipt the above-referenced project, submitted for review and comment pursuant to the National Historic Preservation Act and in accordance with Federal Communications Commission regulations.

After review of the requested photo-simulations, this office has determined that while the proposed installation is minimally visible from a substantial distance at certain limited areas within the Hotchkissville National Register Historic District, it appears to have no adverse effect on cultural resources, with the following condition:

if not in use for six consecutive months, the antennae and equipment shall be removed by the telecommunications facility owner. This removal shall occur within 90 days of the end of such six-month period.

The State Historic Preservation Office appreciates the opportunity to provide Ottery Group with this evaluation. Please contact Susan Chandler, Historical Architect, should you have additional questions concerning this matter.

Sincerely,

David Bahlman
Division Director and
Deputy State Historic Preservation Officer
