Re: **Docket No. 379 - SBA Towers II, LLC Application for a Certificate of Environmental Compatibility and Public Need for the Construction, Maintenance and Operation of a Telecommunications Facility Located at 12 Burr Road, Bloomfield, Connecticut**

Dear Mr. Phelps:

In response to your August 27, 2009 memorandum, Celco Partnership d/b/a Verizon Wireless ("Cellco") offers the following revisions<sup>1</sup> with respect to errors or inconsistencies in the Council's Draft Findings of Fact dated August 20, 2009 in connection with the above-referenced matter:

Finding of Fact No. 4: The record citation to support this finding should read: (SBA 1, p. 1; Verizon 2, Responses 4 & 6).

Finding of Fact 29: The record citation to support this finding should read: (SBA 1, p. 5; Exhibit G: Existing T-Mobile On Air Coverage Plot; Verizon 1; Verizon 2, Attachment 1 - Existing Cellular and PCS Coverage Maps).

Finding of Fact 48: Verizon would install 15 antennas (five per sector) at a centerline height of 117 feet agl. It would utilize a 12-foot by 30-foot equipment shelter for its ground equipment. Verizon would prefer to install its antennas on a standard platform. However, Verizon could utilize a low profile platform or T-arm mounts. (SBA 1, p. 9; Verizon 1, Responses 9 & 13; Tr. 1, pp. 66- 67-69)

---

<sup>1</sup> Proposed revisions are reflected as: additions; ~~deletions~~.
