CONNECTICUT SITING COUNCIL INTERVENOR STATUS REQUEST FORM

Docket/Petition No. 379

Town/City: Bloomfield

Name: Thomas H. Midney

Address: 13 Burr Road

City: Bloomfield

State: CT

Zip: 06002

Phone: 860-243-3704

E-Mail: tmidney@comcast.net

1. Manner in which petitioner claims to be substantially and specifically affected:

I have lived the past 18 years at the property directly across Burr Road from this proposed tower installation. One of the reasons I purchased my home was the wonderful view of Talcott Mountain and the Heublein Tower directly over Maple Hill Farms. The proposed tower would be directly in line with this view, ruining it.

I strongly contest the building of this tower. As a long-time resident, I do not feel a major attribute of my property should be compromised for what I consider not to be a public need as proposed, but rather a service enhancement to wireless communications and a profit opportunity. The location of this tower will adversely impact the setting of my residence, as well as its property value, and I am adamant the proposal should be rejected.

2. Manner and extent to which petitioner proposes to participate:

I plan to participate in this process to the full extent necessary to see the proposal defeated. After a fire at Maple Hill Farms a few years back, I reviewed the plans with the Millers and was a strong supporter of their proposed rebuilding project. This was because I did not feel the new building would be detrimental to my property's view. Per the current proposal, however, the tower will certainly degrade my view – I find this unacceptable and thus wish to fight strongly against it.

Copies of this request shall be mailed to all participants at least five (5) business days before the date of the hearing.
