RE: **DOCKET NO. 384** – Phoenix Partnership, LLC application for a Certificate of Environmental Compatibility and Public Need for the construction, maintenance and operation of a telecommunications facility located at 50 Devine Street, North Haven, Connecticut.

I. Introduction

The application is from Phoenix Partnership, LLC for the construction, maintenance, and operation of a telecommunications facility, which would include a 120-foot monopole tower and associated equipment, in the Town of North Haven, Connecticut.

II. Technical

The application includes relevant maps, descriptions of the proposed site, costs, a description of the environmental effects of the proposed construction, and health and safety information. The application meets statutory technical requirements for processing the application. Council staff believes additional information can be obtained through pre-hearing interrogatories. This project would not require an outside consultant.

III. Administrative Review

The applicant has stated that all service and filing requirements pursuant to General Statutes § 16-501 (b) have been fulfilled. The applicant stated that notice to the general public was published in The New Haven Register.

IV. Procedural

The Council must schedule a hearing for the proceeding between 30 and 150 days after receipt of an application. The Council must also appoint a custodian of the docket and designate a place for the deposition of the transcript. Staff recommends designating Lisa Fontaine as custodian of the docket, holding the public hearing in the Town of North Haven on Tuesday, December 1, 2009, and depositing the transcript in the North Haven Town Hall.
