RE: **DOCKET NO. 385** – T-Mobile Northeast LLC application for a Certificate of Environmental Compatibility and Public Need for the construction, maintenance and operation of a telecommunications facility located at 23 Stonybrook Road, Stratford, Connecticut. Corrected Schedule.

---

### I. Introduction

The application is from T-Mobile Northeast LLC for the construction, maintenance, and operation of a 100-foot telecommunications facility and associated equipment in the Town of Stratford, Connecticut. The site would upgrade wireless coverage to Route 108, Bridgeport Avenue, and surrounding areas.

T-Mobile proposes to construct a 100-foot unipole on a 0.7-acre property zoned for heavy commercial. Access would be from an existing parking area on the property. A 26-foot by 50-foot fenced compound would be constructed around the base of the tower.

### II. Technical

The application includes relevant maps, descriptions of the proposed site, costs, a description of the environmental effects of the proposed construction, and health and safety information. The application meets statutory technical requirements for processing the application. Council staff believes additional information can be obtained through pre-hearing interrogatories. This project would not require an outside consultant.

### III. Administrative Review

The applicant has stated that all service and filing requirements pursuant to General Statutes § 16-501 (b) have been fulfilled. The applicant stated that notice to the general public was published in the *Connecticut Post*.

#### IV. Procedural

The Council must schedule a hearing for the proceeding between 30 and 150 days after receipt of an application. The Council must also appoint a custodian of the docket and designate a place for the deposition of the transcript. Staff recommends designating Jessica Brito-Weston as custodian of the docket, holding the public hearing in the Town of Stratford on December 8, 2009, and depositing the transcript in the Stratford Town Hall.
