Executive Director

RE: **DOCKET NO. 388** - New Cingular Wireless PCS, LLC (AT&T) application for a Certificate of Environmental Compatibility and Public Need for the construction, maintenance and management of a telecommunications facility located at 1990 Litchfield Turnpike, Woodbridge, Connecticut.

At a public meeting held July 29, 2010, the Connecticut Siting Council (Council) voted to deny the Woodbridge Conservation Commission (Conservation Commission) Application to Intervene and to Open the Record for Supplemental Proceedings dated July 28, 2010 on the bases of untimeliness and lack of standing. The hearing in this matter was held on January 12, 2010 during which the Conservation Commission gave limited appearance testimony. The Conservation Commission also provided comments in written form through letters dated January 12, 2010, February 11, 2010, February 16, 2010 and April 24, 2010.

The Council also voted to sustain the Applicant's Objection to the Woodbridge Conservation Commission Application to Intervene and to Open the Record for Supplemental Proceedings dated July 28, 2010.
