**Re: Docket No. 390
15 Orchard Park Road, Madison, Connecticut**

Dear Ms. Roberts:

I write with respect to the telecommunications facility ("Facility") approved by the Connecticut Siting Council ("Council") in Docket 390. On January 6, 2011, the Council approved the transfer of the Certificate of Environmental Compatibility and Public Need from T-Mobile Northeast LLC ("T-Mobile") to Florida Tower Partners, LLC ("FTP"), related to the above-captioned docket. Please accept this letter as written notice of the completion of site construction by FTP and the commencement of site operation (with T-Mobile's antennas installed) in accordance with Order 12 of the Council's Decision and Order ("D&O"). Additionally, the Council received a cumulative worst-case modeling of the electromagnetic radio frequency power density during the proceedings for this docket. Please refer to Finding 96 of the Council's Findings of Fact. There are no circumstances to date which would warrant a recalculated power density report. Accordingly, please accept this letter as compliance with Order 3 of the Council's D&O.

Please contact me if you have any questions or you require additional information.

Very truly yours,

Jesse A. Langer
