RE: **DOCKET NO. 392** - T-Mobile Northeast, LLC application for a Certificate of Environmental Compatibility and Public Need for the construction, maintenance and operation of a telecommunications facility located 387 Shore Road, Old Lyme, Connecticut.

Dear Attorneys Kohler, Frank, and Langer:

The Connecticut Siting Council (Council) requests your responses to the enclosed questions no later than January 28, 2009. To help expedite the Council's review, please file individual responses as soon as they are available.

Please forward an original and 15 copies to this office. In accordance with the State Solid Waste Management Plan, the Council is requesting that all filings be submitted on recyclable paper, primarily regular weight white office paper. Please avoid using heavy stock paper, colored paper, and metal or plastic binders and separators. A list of parties and intervenors dated December 23, 2009, is enclosed. Fewer copies of bulk material may be provided as appropriate.

Yours very truly,

S. Derek Phelps
Executive Director

SDP/MP

c: Council Members
Parties and Intervenors

Docket No. 392
Pre-Hearing Questions
Set Two

1. T-Mobile Northeast, LLC's (T-Mobile) response to the Connecticut Siting Council's (Council) interrogatory number eight indicated that T-Mobile's equipment would cost approximately \$23,000. Break down that total into two costs: antennas and radio equipment.
2. T-Mobile's response to Council interrogatory number 11 indicated that a second antenna ten feet higher would be required for a flush-mounted configuration. Approximately how many antennas would be located on each level if two levels were required for a flush-mounted configuration?
3. Under Exhibit/Tab I of T-Mobile's application to the Council, T-Mobile lists all existing telecommunications towers within four miles of the proposed facility. Indicate which of the facilities T-Mobile is already co-located on and which ones T-Mobile is not on but would not provide adequate coverage to the target area.
