**RE: Docket 396 East Lyme**  
Cell Tower Proposal

Dear Ms. Roberts:

The Friends of the Pattagansett Trust, an intervening party to this action, objects to the Applicant's Request to Table seeking additional time to purportedly obtain additional supporting information for the Application.

The grounds for this objection are that SBA did not contact the Friend of the Pattagansett Trust to discuss the request, SBA has failed to respond to a reasonable written request to identify the nature of the information sought and the request is in direct contravention to the Council's notice dated September 29, 2010 regarding the proposed findings of fact and conclusions of law in which the Council clearly informs the parties that:

"no new information, evidence, argument or reply briefs will be considered by the Council".

It was my client's understanding that the record is closed to new information. Without any indication of the nature of this extraordinary request or the reasons why it might be necessary, the Council should not entertain the request.

The Friends of the Pattagansett Trust remain open to reconsidering its position, if sufficient information is forthcoming and reserves the right to comment upon or rebut any new information introduced into the record.

Very truly yours,

Keith R. Ainsworth
