Re: DOCKET NO. 401 – Phoenix Partnership, LLC Certificate of Environmental Compatibility and Public Need for the construction, maintenance and operation of a telecommunications facility located at 208 Valley Road New Canaan, Connecticut. Request for Extension

Dear Attorney Bachman:

The Connecticut Siting Council (Council) approved the Transfer of Certificate and Extension of Time for the above referenced Docket at its meeting on February 6, 2014 to Phoenix Partnership, LLC (Phoenix”).

Phoenix has until February 3, 2015 to complete the construction of the site and have the site operational. The tower has been erected along with a large portion of the site work. Phoenix is currently working with its landlord and utility companies on the easement. Phoenix requests an extension of time of six months from February 3, 2015 to have the construction complete and operational.

We would appreciate it if the Council would consider these matters at its next meeting.

Very truly yours,

Keith Coppins
