Re: Docket No. 401,
Application by T-Mobile Northeast LLC for a Certificate
of Environmental Compatibility and Public Need for a
Telecommunications Facility at 208 Valley Road in the
Town of New Canaan, Connecticut – Motion to Reopen

Dear Ms. Roberts:

I write on behalf of the applicant, T-Mobile Northeast LLC ("T-Mobile"), regarding the above-captioned Docket. The continued hearing is presently scheduled for September 1, 2011.

In a meeting that was held on August 16, 2011 and in recent communication, the landlord requested T-Mobile reconfigure the facility compound. In order to determine the feasibility of reconfiguring the compound and enclosed base station equipment as requested, T-Mobile must perform an engineering and geotechnical analysis. These studies cannot be completed and plans subsequently revised in time to provide them to the Council for the September 1st hearing. T-Mobile therefore requests a 60 day extension of time for the continued hearing in this Docket.

Please contact me if you have any questions.

Very truly yours,

Julie D. Kohler
