STATE OF CONNECTICUT CONNECTICUT SITING COUNCIL

IN RE:

APPLICATION OF NEW CINGULAR. WIRELESS PCS, LLC FOR A CERTIFICATE OF ENVIRONMENTAL COMPATIBILITY AND PUBLIC NEED FOR THE CONSTRUCTION, MAINTENANCE AND **OPERATION OF A TELECOMMUNICATIONS:** FACILITY AT 95 BALANCE ROCK ROAD HARTLAND, CONNECTICUT

SITING COUNCIL

DOCKET NO. 408

ORIGINAL

JANUARY 13, 2010

PRE-FILED TESTIMONY OF WADE COLE. FIRST SELECTMAN OF THE TOWN OF HARTLAND

- 1. Q As the First Selectman, what are your primary concerns regarding New Cingular's proposed telecommunications tower?
 - As First Selectman, I have a responsibility to represent the interests and concerns of the residents of our community in Hartland. Many residents as evidenced by the petiton provided to me (copy attached) object to the site chosen by the applicant for the installation of their tower. These concerns are based squarely on the tower's negative impact on our community including its visual impact on both residents and those visitors to our community who come to enjoy our scenic vistas; the impact on nearby residential land value; and its inconsistency with our Plan of Conservation and Development.

Our residents have also raised questions about the applicant's actual need for a tower in this location. There are already two existing towers in our community that offer service to other cell phone providers without coverage interruption. We would submit that there may be an alternative means by which the applicant may be able to use to increase its coverage in Hartland including adjustment of the placement and/or direction of its existing antennas on these towers.

Importantly, representatives of our Inland Wetland Commission and Planning and Zoning Commission have raised significant concerns with the application's inconsistency with our wetland and zoning regulations. Both of these agencies have prepared and are submitting written summaries of their concerns.

Further, as raised by our residents in their petition, there may be alternate sites (including a parcel of Town owned land that is currently being investigated) that would offer the same or similar cell phone coverage for the applicant's customers which sites would have less impact on our residents and may be more compatible with our POCD.

- 2. Q. Is the proposed cellular communication tower consistent with the Town's Plan of Conservation and Development?
 - A. No. The primary objectives of Hartland's 2007 Plan of Conservation and Development (POCD) includes the preservation and protection of the rural character of our community. The placement of the proposed tower in this location is inconsistent with this objective.

In sum, we submit that on balance the negative impacts that this application would have on our community would far outweigh any advantages it may provide.

The statements above are true and complete to the best of my knowledge.

1-13-11	Made Cole
Date	Wade Cole
	First Selectman

Subscribed and sworn to before me on this 13th day of January 2011.

Motary Public Expl 3:31-2012.
Commissioner of Superior Court

Tom 5, 2m 110/16/10

Petition to The Hartland Board of Selectmen

RE: AT&T Proposed Wireless Communications Tower Facility to be Located at 95 Balance Rock Road in East Hartland

We the undersigned oppose the AT&T proposal to locate a wireless communications tower on the property belonging to the Ring Mountain Hunt Club at 95 Balance Rock Road for the following reason:

Construction of a 190 ft tower and a 60'85', equipment compound on the southwest portion of the Ring Mountain Hunt Club property at 95 Balance Rock Road will have a negative impact on the character of the Balance Rock Road neighborhood and will depress the value of surrounding homes. There are alternative sites within the town that would provide cell phone coverage without adversely affecting the peace of mind or the financial circumstance of our fellow East Hartland residents.

RE: AT&T Proposed Wireless Communications Tower Facility to be Located at 95 Balance Rock Road in East Hartland.

We the undersigned oppose the AT&T proposal to locate a wireless communications tower on the property belonging to the Ring Mountain Hunt Club at 95 Balance Rock Road for the following reason:

Construction of a 190 ft tower and a 60'85', equipment compound on the southwest portion of the Ring Mountain Hunt Club property at 95 Balance Rock Road will have a negative impact on the character of the Balance Rock Road neighborhood and will depress the value of surrounding homes. There are alternative sites within the town that would provide cell phone coverage without adversely affecting the peace of mind or the financial circumstance of our fellow East Hartland residents.

NAME ADDRESS

Marion Murray 84 Peck Orchard Rd, Hartland, CT 06027
