May 16, 2013

UPDATE TO AT&T'S RESPONSES TO SITING COUNCIL INTERROGATORIES SET II
RESPONSES 15 & 16

New Cingular Wireless PCS, LLC ("AT&T") respectfully submits this update to Responses 15 & 16 of the Set II Responses to Siting Council Interrogatories dated May 14, 2013. AT&T's RF Engineers, C Squared Systems, reviewed information sourced from the internet and which was incorporated into a November 2010 Connecticut Department of Emergency Management & Homeland Security I-CALL/I-TAC Interoperability Training Program¹ regarding the State Department of Public Safety (DPS) network. The DPS system coverage maps provided on pages 16 (Figure 4), 17 (Figure 86) and 18 (Figure 2) of the I-CALL/I-TAC Interoperability Training Program, copies of which are attached, indicates that the DPS system experiences gaps in the ability of handheld units to communicate on the DPS network on Routes 7 and 63 in the vicinity of AT&T's proposed facility.
