Re: **Docket No. 414 Cellco Partnership d/b/a Verizon Wireless
36 Ritch Avenue, Greenwich, Connecticut**

Completion of Construction

Dear Ms. Bachman:

As indicated in the attached Letter of Compliance from Carlo F. Centore, PE, all construction activity associated with the 36 Ritch Avenue telecommunications facility has been completed in compliance with the Development and Management Plan approved by the Connecticut Siting Council. An "As Built" survey of all site improvements has also been prepared and will be issued shortly.

Please do not hesitate to contact me if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Kenneth C. Baldwin". The signature is fluid and cursive.

Kenneth C. Baldwin

Re: Letter of Compliance

Project: Ritch Avenue
36 Ritch Avenue, Greenwich, CT

Engineer: CENTEK Engineering, Inc,
63-2 North Branford Road, Branford, CT 06405

Contractor: Construction Services of Branford, LLC.
63-3 North Branford Rd., Branford, CT 06405

Centek Project No.: 09129.000

Dear Mr. Gauger,

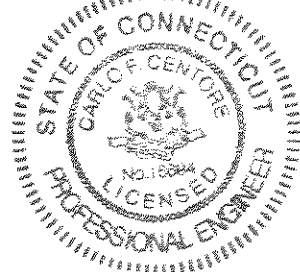

We are providing this "Letter of Compliance" with regard to the site improvements and tower replacement at the above referenced Verizon Wireless wireless communications facility project.

Site visits conducted during all critical phases of the project since commencement of work on 01/09/2012 and a final walk-thru of the facility on 07/03/2013 are the basis for this document. A complete report of Special Inspections and As-Built survey of, both required by the Town of Greenwich, are being compiled by this office for issuance by 08/02/2013.

The work under this Contract has been reviewed and found, to the Engineer's best knowledge, information and belief, to be completed in compliance with the D&M plans & Construction Documents prepared by this office dated 10/06/2011 (Rev. 0) and 12/16/2011 (Rev. 1), respectively.

Respectfully submitted,

Carlo F. Centore, PE
Senior Project Manager

Re: **Cellco Partnership d/b/a Verizon Wireless**
36 Ritch Avenue, Greenwich, Connecticut

Dear Mr. Coles:

Attached is a copy of a letter that I sent to the Connecticut Siting Council ("Council") today informing them that construction activity associated with the wireless telecommunications facility at 36 Ritch Avenue has been completed in accordance with the Development and Management Plan approved on October 20, 2011. A copy of that letter was sent directly to Mr. Hartwell as an intervenor in the Council proceeding.

In addition to the construction of the wireless facility, it is my understanding that Verizon Wireless' site contractor, Construction Services of Branford, LLC ("CSB") has agreed to pay for the power washing of Mr. Hartwell's house. I have asked John Centore of CSB to contact Mr. Hartwell directly and make arrangements for that work to be completed. CSB has also been authorized to patch several voids in the stonewall where concrete mortar has settled. This concrete mortar will be removed and the voids will be filled with stones that match the existing wall. CSB will need access to Mr. Hartwell's property to perform this work. If you are agreeable, I would suggest that we allow Mr. Hartwell to speak directly with Mr. Centore at CSB to arrange for the access so that the additional stone work can be completed.
