Re: **Docket No. 415 – Application of Celco Partnership d/b/a Verizon Wireless for a Certificate of Environmental Compatibility and Public Need for the Construction, Maintenance and Operation of a Wireless Telecommunications Facility in Woodstock, Connecticut**

Dear Ms. Roberts, Siting Council Members, and Siting Council Staff:

On behalf of American Tower Corporation, I would like to thank you all for allowing us to intervene with respect to Docket No. 415. We are grateful that each of you gave this docket item careful attention and allowed American Tower to participate in the Council's very important proceedings.

After further considering this matter, American Tower has decided to decommission our telecommunications facility at 87 West Quasset Road. To this end, American Tower will work closely with the Town of Woodstock, and all other interested parties, to immediately dismantle this site.

As always, please feel free to contact me at (781) 926-4737 with any questions.

Sincerely,

Brandon Ruotolo
American Tower Corporation
