

Attachment 9

NOTICE

Notice is hereby given, pursuant to Section 16-50(b) of the Connecticut General Statutes and Section 16-50-1(e) of the Regulations of Connecticut State Agencies of an Application to be filed with the Connecticut Siting Council ("Siting Council") on or after June 8, 2012 by New Cingular Wireless PCS, LLC ("AT&T") for a certificate of environmental compatibility and public need for the construction and maintenance of a wireless telecommunications facility ("Facility") in Roxbury, Connecticut. The Facility is being proposed to allow AT&T to provide service in and around the Towns of Roxbury and Southbury. The Application explains the need, purpose and benefits of the Facility and also describes the environmental impacts of the proposed Facility. Two (2) candidate locations are being considered; however only one (1) location is needed and only one (1) Facility will be constructed.

Candidate A is located on a parcel off of Route 67 in an area south of Highmeadow Lane and north of Bronson Mountain Road and identified by the Town of Roxbury Tax Assessor as Parcel Identification Number 32-008. This site would host a 170' monopole and associated unmanned equipment in a 75' x 75' fenced compound in the south central portion of the parcel. Vehicular access to the facility will be provided from Route 67 and over a 12' wide gravel access drive to the proposed compound. Utilities to serve the proposed facility would extend underground from a new on-site utility pole to the proposed Facility.

Candidate B is located at 126 Transylvania Road (Tax Assessor Parcel Identification Number 34-029) and would host a 170' monopole and associated unmanned equipment in a 75' x 75' fenced compound in the central north portion of the parcel. Vehicular access to the facility will be provided from Transylvania Road first over a portion of an existing driveway, then over a new 12' wide gravel access drive. Utilities to serve the proposed facility would extend underground from an existing offsite utility pole to the proposed facility.

For either candidate, AT&T would mount up to twelve (12) panel antennas on a low profile platform at a centerline height of 167' above grade level. A 12' x 20' equipment shelter will be installed adjacent to the tower within the fenced compound. The Facility will be available for co-location by other wireless carriers. The final location, height and other features of the proposed Facility are subject to review and potential change under provisions of the Connecticut General Statutes Sections 16-50g et. seq.

Balloons, raised to 170' above grade level (AGL) and representative of the proposed Facility height, will be flown at both proposed candidate sites on the first day of the Siting Council public hearing on the Application, which will take place in Town, or on such other date specified by the Siting Council and a time to be determined by the Siting Council, but anticipated to be between the hours of 12pm and 5pm.

Interested parties and residents of the Towns of Roxbury, Woodbury, or Southbury Connecticut are invited to review the Application during normal business hours after June 8, 2012 at any of the following offices:

Connecticut Siting Council
10 Franklin Square
New Britain, CT 06051

Peter Hurlbert, Roxbury Town Clerk
29 North Street, P.O. Box 203
Roxbury, CT 06783

Linda L. Carlson, Woodbury Town Clerk
275 Main Street P.O. Box 369
Woodbury, CT 06798

Virginia Salisbury, Southbury Town Clerk
501 Main Street South, Room # 202
Southbury, CT 06488

or the offices of the undersigned. All inquiries should be addressed to the Connecticut Siting Council or to the undersigned.

Re: New Cingular Wireless PCS, LLC (“AT&T”)
Proposed Wireless Telecommunications Facility
Roxbury, Connecticut
Application to the State of Connecticut Siting Council

Dear _____:

We are writing to you on behalf of our client AT&T with respect to the above referenced matter and our client’s intent to file an application with the State of Connecticut Siting Council for approval of one (1) proposed wireless communications tower facility (the “Facility”) within the Town of Roxbury. While a prior letter dated March 19, 2012 indicated an application was forthcoming, submission was postponed and accordingly this second notice is being provided. State law requires that owners of record of property that abuts a parcel on which a facility is proposed be sent notice of an applicant’s intent to file an application with the State agency that regulates tower facilities. Two candidate locations are being considered; however only one location is needed and only one Facility will be constructed.

Candidate A is located on a parcel off of Route 67 in an area south of Highmeadow Lane and north of Bronson Mountain Road and identified by the Town of Roxbury Tax Assessor as Parcel Identification Number 32-008. This site would host a 170’ monopole and associated unmanned equipment in a 75’ x 75’ fenced compound in the south central portion of the parcel. Vehicular access to the facility will be provided from Route 67 and over a 12’ wide gravel access drive to the proposed compound. Utilities to serve the proposed facility would extend underground from a new on-site utility pole to the proposed facility.

Candidate B is located at 126 Transylvania Road (Tax Assessor Parcel Identification Number 34-029) and would host a 170’ monopole and associated unmanned equipment in a 75’x 75’ fenced compound in the central north portion of the parcel. Vehicular access to the facility will be provided from Transylvania Road first over a portion of an existing driveway, then over a new 12’ wide gravel access drive. Utilities to serve the proposed facility would extend underground from an existing offsite utility pole to the proposed facility.

For either candidate, AT&T would mount up to twelve (12) panel antennas on a low profile platform at a centerline height of 167' above grade level. A 12' x 20' equipment shelter will be installed adjacent to the tower within the fenced compound. The Facility will be available for co-location by other wireless carriers. The final location, height and other features of the proposed Facility are subject to review and potential change under provisions of the Connecticut General Statutes Sections 16-50g et. seq.

Balloons, raised to 170' above grade level (AGL) and representative of the proposed Facility height, will be flown at both proposed candidate sites on the first day of the Siting Council public hearing on the Application, which will take place in Town, or on such other date specified by the Siting Council and a time to be determined by the Siting Council, but anticipated to be between the hours of 12pm and 5pm.

If you have any questions concerning this application, please do not hesitate to contact the Connecticut Siting Council or the undersigned after June 11, 2012, the date on which the application is expected to be on file with the State.

Very truly yours,

Daniel M. Laub

DML/ag

CERTIFICATION OF SERVICE

I hereby certify that on the 5TH day of JUNE 2012, a copy of the foregoing letter was mailed by certified mail, return receipt requested to each of the abutting properties owners on the accompanying list.
