TO: Parties & Intervenors

FROM: Linda Roberts, Executive Director *LRoberts*

RE: **DOCKET NO. 435** - The Connecticut Light & Power Company Application for a Certificate of Environmental Compatibility and Public Need for the Stamford Reliability Cable Project, which consists of construction, maintenance, and operation of a new 115-kV underground transmission circuit extending approximately 1.5 miles between Glenbrook and South End Substations, Stamford, Connecticut and related substation improvements.

During a public meeting of the Connecticut Siting Council (Council) held on February 21, 2013, Council Chairman Robert Stein announced that he recuses himself from the proceedings, deliberations and vote on the above-referenced docket to avoid any alleged conflict of interest or appearance of impropriety related to his former position as the Land Use Bureau Chief in Stamford.
