**Re: Connecticut Siting Council Docket No. 435  
Stamford Reliability Cable Project  
Staging Area Request**

Dear Chairman Stein:

On behalf of The Connecticut Light and Power Company ("CL&P") and pursuant to 16-50j-62(a) of the Regulations of Connecticut State Agencies, CL&P hereby requests approval to utilize the following staging areas on property owned by CL&P to store equipment and materials prior to the approval of the Development and Management Plan ("D&M"), which will be filed in October:

**Stamford Area Work Center:** 626 Glenbrook Road, Stamford, Connecticut.

The size of the area is approximately 177' x 117' x 177' x 84' at the south west corner of the parking lot. Approximate Area = 17,820 sq.ft

**Glenbrook Substation:** 95 Hamilton Avenue, Stamford, Connecticut.

The area is within the fence line and the size of the area is approximately 52' x 185' south of the S/S fence. Approximate Area = 9,620 sq.ft.

**South End Substation:** The corner of Manhattan and Pacific Street, Stamford, Connecticut.

The area is within CL&P's fence line and the size of the area is approximately 79' x 69' x 48' triangle at the north end of property. Approximate Area = 1,650 sq.ft. However, due to the limited space available at the South End substation, this location will be used only if necessary.

Enclosed are fifteen (15) copies of this Staging Area Request for approval.

Sincerely,

A handwritten signature in blue ink that reads "John R. Morissette".

John R. Morissette
