Re: Message Center Management and AT&T  
Wireless Telecommunications Tower Facility  
Baseball Field - Light Pole Replacement  
New London, Connecticut

Dear \_\_\_\_\_:

We are writing to you on behalf of our clients Message Center Management, Inc. (“MCM”) and New Cingular Wireless PCS, LLC (“AT&T”) with respect to the above referenced matter and our clients’ intent to file an application with the State of Connecticut Siting Council for approval a proposed wireless communications tower facility (the “Facility”) within the City of New London.

State law requires that record owners of property abutting a parcel on which a facility is proposed be sent notice of an applicant’s intent to file an application with the Siting Council. The Facility candidate is located at Bates Woods Park, New London. Included with this letter please find a Notice of this application with details of the proposed Facility.

The location, height and other features of the Facility are subject to review and potential change by the Connecticut Siting Council under the provisions of Connecticut General Statutes §16-50g et seq.

If you have any questions concerning this application, please contact the Connecticut Siting Council or the undersigned after June 20th, 2013, the date which the application is expected to be on file.

Very truly yours,

Daniel M. Laub

Enclosure

## NOTICE

Notice is hereby given, pursuant to Section 16-50l(b) of the Connecticut General Statutes and Section 16-50l-1(e) of the Regulations of Connecticut State Agencies of an Application to be filed with the Connecticut Siting Council ("Siting Council") on or after June 19, 2013 by Message Center Management ("MCM") and New Cingular Wireless ("AT&T") (together the "Applicants") for a certificate of environmental compatibility and public need for the construction and maintenance of a wireless telecommunications facility in New London, Connecticut.

The proposed tower facility consists of a replacement monopole tower and a 3,190 square foot compound in the western central portion of a City owned parcel known as Bates Woods Park approximately 1,150 feet from New London High School.

The Applicants propose to replace an existing 90' above grade level ("AGL") light pole with a self-supporting 115' AGL monopole tower which, in addition to lights, can accommodate emergency/municipal communications antennas as well as antennas belonging to federally licensed wireless carriers. AT&T would install up to twelve (12) panel antennas at a centerline height of approximately 111' AGL and some additional equipment on the tower. An associated 12' x 20' equipment shelter would be installed at the tower base on a concrete pad within a compound together with provisions for a back-up power generator. The compound will include space for equipment of other carriers as well as municipal equipment and be enclosed by an eight (8) foot tall chain link fence. Vehicle access to the facility would extend from Chester Street mostly over an existing parking lot and existing access drive approximately 1000' to the tower compound. Utility connections would be run underground from an off-site utility pole on Chester Street.

The location, height and other features of the proposed Facility are subject to review and potential change under provisions of the Connecticut General Statutes Sections 16-50g et. seq.

The Facility is proposed to allow AT&T to provide service in this area of the State. The Application explains the need, purpose and benefits of the proposed Facility and also describes the environmental impact of the Facility. The Facility would be available for co-location by other wireless carriers.

A balloon, representative of the proposed height of the proposed tower, will be flown at the site on the first day of the Siting Council public hearing on the Application, which will take place in New London, or such other date specified by the Siting Council and a time to be determined by the Siting Council, but anticipated to be between the hours of 12pm and 5pm.

Interested parties and residents of New London or Waterford, Connecticut are invited to review the Application during normal business hours after June 20, 2013 at the following offices:

Connecticut Siting Council  
10 Franklin Square  
New Britain, CT 06051

Nathan Caron, City Clerk  
City of New London  
181 State Street  
New London, CT 06320

Robert M. Nye, Town Clerk  
Town of Waterford  
15 Rope Ferry Road  
Waterford, CT 06385

or the office of the undersigned. All inquiries should be addressed to the Connecticut Siting Council or to the undersigned.
